Florin Georgescu

Senior Full Stack Engineer

Greetings! I'm Florin, an experienced software developer with 11+ years of expertise in advanced software development.
I specialize in a wide range of technologies and frameworks, with a strong focus on **Angular**, **React**, **Next.js**, **Nest.js**, **Node.js** and **Typescript**. Throughout my career, I have successfully delivered numerous projects, leveraging my comprehensive understanding of the software development lifecycle. My diverse skill set and commitment to continuous learning make me a valuable asset to any software development team.

Work Experience

Taraxa   Jun 2022 - Present

Senior Full Stack Engineer

Worked on a social platform for Web3 where I implemented:
- Web3 authentication using noce (Backend NestJs, Frontend React)
- Created smart contract using Solidity, Hardhat
- Implemented a Subgraph (using The Graph) for listening to events triggered by the contract and reading these values using GraphQl on the Frontend

Worked on a new Explorer:
- Implemented backend, frontend, UI library using Material Design
- Worked on getting historical PBFT Blocks, Dag Blocks and Transactions using Web Sockets and GraphQL

Skills: TypeScript · React.js · Node.js · NestJS · Web3 · Ethers · The Graph · GraphQL · JavaScript · Wagmi · Solidity · Hardhat

---

Energy Web   Apr 2021 - Mar 2022

Senior Full Stack Engineer

Worked on a decentralized Renewable Energy Certificates trading platform
Created a DeFi platform for stacking.

Skills: TypeScript · React.js · Node.JS · NestJS · Web3 · Ethers · NextJS · Solidity

Education

University POLITEHNICA of Bucharest

Bachelor of Engineering (B.E.)

2009 - 2013

National University of Political Studies and Public Administration

Master's Degree

2013 - 2015
